

# Rapid Flashing Beacons

\*This photo is for example only and is not specific to the City of Sylvania nor represents the specific RFBs in the City of Sylvania.

## Pedestrian

1. Walk up to beacon and push button to activate
2. Wait for oncoming traffic to come to a **complete stop** before crossing
3. Continue to look left-right-left while crossing

## Vehicles

1. Respond to rapid flashing beacon lights by **stopping** at the shark tooth yield markings
2. Once pedestrians have completely crossed the street you may proceed slowly with caution

## Locations of Rapid Flashing Beacons:

- Erie Street in front of Highland Elementary
- McCord Rd at Charlesgate Rd (near Sylvan)
- McCord Rd in front of McCord JH.
