Proposed Project

- Reconstruction of the Monroe Street and Silica Drive intersection, as well as widening improvements east on Monroe Street to provide two east bound lanes, one westbound lane and one two-way center turn lane.
- Alternatives to address deficiencies at the Monroe/Silica intersection include a modern roundabout or signal improvement.

Please Join Us!

- No formal presentation. Attend any time during open house hours.
- Representatives from the City of Sylvania and the consultant team will be available to provide information, answer questions, and discuss the project.
- We need your input on Alternatives A and B and the widening of Monroe Street shown above!

Accommodations

- Individuals who may require interpretation services or a reasonable accommodation to participate in this meeting should contact the City no later than 17 calendar days prior to the public meeting (November 1, 2019). Public participation is solicited without regard to race, color, sex, age, national origin, or disability.

Alternative maps and project documents are available online at www.cityofsylvania.com

Looking forward to seeing you on November 18th!
